

You Give Me HOPE

Dear William Rodgers,

Greetings from House of Possibilities (HOPE) where we work to give children and adults with disabilities a path to greater independence. This has been a year of growth at HOPE, and we have significantly increased our program offerings for our members to include even more meaningful experiences.

While most of the world rebounds from the pandemic, HOPE members hardly missed a beat. Thanks to our talented staff and generous supporters, we have increased opportunities for community engagement - first paychecks, new friendships, dynamic services, and expanded family support.

You give us HOPE because every dollar raised is an investment in a more inclusive future for people with all abilities.

This past year, we have reorganized a number of our programs under the umbrella of Family Support Services offering overnight respite for children and adults, coaching and college navigation for individuals with Autism, and social and recreation activities. Additionally, we continue to grow a Career and Community Access Program in partnership with Jewish Vocational Services Boston that provides young adults from Greater Boston and Southeastern Massachusetts the opportunity to get a job, gain independence, and start building the life they have always wanted. The outcomes have far exceeded job placement expectations and we are just getting started.

While we are proud of all we have accomplished, we know we can't do any of this without your financial support. Please consider a donation to House of Possibilities today. Thank you for believing in HOPE.

Sincerely,

Katie Terino
Chief Executive Officer
