

## VISITOR MEDICAL ATTESTATION

By joining us in a Ropes & Gray office, you are attesting that you are fully vaccinated (i.e., it has been at least two weeks since your final COVID-19 vaccine dose of a WHO-approved vaccine) as well as the following:

- I do not have an elevated body temperature (fever), and I did not take any medication in the past 24 hours for the purpose of suppressing my body temperature.
- Over the past 48 hours, I have not had a cough, shortness of breath or difficulty breathing, new loss of taste or smell, sore throat, muscle or body aches, chills, headache, congestion or runny nose (not caused by allergies), nausea or vomiting, or diarrhea that I cannot attribute to either a health condition other than COVID-19 or to simple exertion from a specific activity (such as physical exercise).
- If I had close contact with someone with a confirmed or suspected case of COVID-19 within the past 10 days, I got tested at least five days after exposure, I received a negative test result, and I will wear a well-fitting mask in the office until 10 days have passed since my last close contact.
- I am not awaiting diagnostic test results for COVID-19.
- I have not had a positive COVID-19 diagnostic test result or been diagnosed with a “presumed” case of COVID-19 in the past 10 days.
- I am not currently under an isolation or quarantine order from a health authority or another employer.

If you have any questions, please contact Chief Human Resources Officer Erica Murphy at +1 212 596 9772 or [erica.murphy@ropesgray.com](mailto:erica.murphy@ropesgray.com).
